FLYBALL – SUNDAY 11TH MARCH 2018

The sport of flyball has been referred to as “Drag racing for dogs”. Come along and see some of the fastest teams in Australia racing against each other. Flyball is a relay race involving two teams of 4 dogs that race over 4 jumps, catch a ball from a flyball box and return over the 4 jumps and as the first dog crosses the start/finish line the second dog can run. The fast teams complete the course with all 4 dogs in under 17 seconds. Just head down to where all the barking is and that will be the flyball.
